

'Survivor' Life Jacket

Numerous lives reported saved to date...

Our new 'Survivor' range of life jackets has been developed to offer a quality life jacket at a budget price.

The 'Survivor' is available as either an automatic or manual version. Both versions are fully CE approved and offer 174 Newton's of buoyancy. The automatic version will inflate within 3 seconds of water immersion and will self-right an unconscious person, even in a 3 foot swell.

The jackets are available in green and one size fits all - they are fully adjustable.

EXCELLENT VALUE !!!

Recipient of the Queen's Award for Enterprise.

Picture shows the wearer floating comfortably in the inflated jacket
